Hilo's New Wharf.

Bids for construction of Hilo's new wharf were opened in Hilo last Saturday. The Hawaiian Engineering and Construction Company, Cotton Bros. and Lewis Bros. were the bidders. The former's bid was the lowest and was accepted. Work on the new wharf will begin in about three months. It is expected that the work will be completed in three months. The wharf will be 800 feet by 100, and will be located about 500 feet from the Kinuau wharf.

A Record.

The bark W. G. Irwin has established a record for sailing vessels between Roche Harbor and San Francisco, making the voyage in but five days from Roche Harbor via Port Angeles with her cargo of lime. This time equals that made by steamers.

A Long Trip

The bark Oregon, Captain Parker, which arrived off port on Tuesday morning, came into the harbor yesterday morning. Calms were experienced during most of the voyage. One gale met with in southern latitudes broke the main royal yard and carried away the two lower topsails. The vessel brought 2000 tons of coal from Newcastle for the Inter-Island company and made the trip in 72 days.

Guam's Lepor Colony.

Commander Seaton-Schroeder reports by mail that he is condemning property in Guam for a leper colony and asks for an appropriation of \$2000 in gold from the emergency fund. Meanwhile patients are confined to leased ground. Thirty acres, he says, are required, and he has secured the cooperation of Father Palomo, who will supply nurses—Army and Navy Journal.

Prof. Leonard, the aeronaut, is again in town, and would like to make an ascension on the 11th of June.
